

# Yuma Catholic High School Class of 2024 Admission Process

Our admissions process for incoming freshman is now open. Our application for admission is available now at [yumacatholic.org/admissions](http://yumacatholic.org/admissions).

Here are the requirements to be considered for admission to the class of 2024:

1. A completed 2020-2021 application for admission
2. All supporting documentation submitted to registrar  
(listed on our website at [yumacatholic.org/admissions](http://yumacatholic.org/admissions))
3. Entrance exam taken and results received
4. Admissions interview with a member of the YC administration

## TEST DATES

The following schools will have the test administered on their campus and those dates are to be determined by their administration: **St. Francis School, Immaculate Conception and Yuma Lutheran School.**

Open dates for all other area 8th graders are on the following Saturdays:

- November 2nd
- November 16th
- January 11th
- January 25th

Pre-Registration for these test dates is required. Please call or email our registrar, Chris Schiller at 928-317-7902 or [cschiller@yumacatholic.org](mailto:cschiller@yumacatholic.org). **There is a \$25 fee for the test, payable on the day of the test. (We can take cash, check or card)**

## Dates of Acceptance

**\*Early admission date is January 10th.** We will evaluate all the students who have completed the above requirements and select a portion of those students to join the class of 2024.

Students not selected will remain in the pool of candidates until we finalize our class **the week of April 13th.**

***\*We expect to have more students applying than we have seats available in the class. Students accepted in either the early or the final selection period will have a limited time to complete the enrollment process and pay the \$250 registration. If the enrollment process is not completed in that time frame we will open up that spot to a student on the wait list.***
