WHAT ARE S.T.A.Y & Y.E.S

The state of Arizona allows individual tax payers to re-direct the taxes they already owe to the state by making a dollar -for-dollar tax credit contribution to one of these organizations and recommend the funds for your child. These AZ Tuition Tax Credit Programs give parents and students the opportunity to raise support for your child's education. With a little planning on your part, tuition can be significantly reduced with the support of friends, family and neighbors.
