

Trainings and Signage

All faculty and staff have been trained on health and safety protocols including attending a training by a county health NP and watching mandatory COVID safety videos.

Staff and families have been provided information about the importance of staying home when ill and when they can return to school.

The school nurse and the administration have attended training on nursing protocols focused on COVID.

Staff members will continue to educate and remind students to practice hand hygiene, physical distancing, and proper mask wearing and cleaning protocols.

Signage displaying the mask requirement, hygiene and sanitation best practice reminders, symptoms of COVID, and the expectation that the YCHS campus is a symptom-free zone.
